

*Third Sunday after Pentecost
Matthew 6, 22-23*

Jesus lived quietly in Nazareth until he was about thirty years old. Then, after he was baptized by John, he traveled from town to town teaching people, healing the sick, and doing miracle after miracle.

Jesus called twelve disciples to learn from him. They lived and traveled together. Jesus taught his disciples around the clock. He told them what God was really like.

They became his helpers. More than anything, they wanted to be like Jesus.

Jesus gave his disciples the power to heal sick people and get rid of evil spirits. They loved and cared for people and taught what they learned from Jesus.

Go through the maze to encounter our Lord.
